

THE LARAMIE COUNTY COMMISSIONERS
 WELCOME YOU TO THE
2010 LARAMIE COUNTY FAIR

The Laramie County Fair is what rural America is all about: hard work, family values, an appreciation for our heritage, our culture, our people and our animals.

Take the time to enjoy our many events and activities. The people who bring you the Fair have worked hard for the past year to make this not only a fun event, but one that has real meaning and teaches our youth the importance of responsibility and hard work. This event embodies family values and patriotism. These wonderful young people are the future of Wyoming and the future of America! We congratulate them on this fabulous event!

We have three major areas of competition: Open Class, 4-H and FFA. We have more categories than we can list here but some of the highlights are raising and showing livestock, raising crops, art, photography, woodworking, culinary arts and needlework. You will be amazed at the professionalism of the contributors in all of these areas.

Our Fair Board has a passion for making this Fair better every year and this year, they have truly succeeded. Take the time to enjoy every part of the Fair and let the people who this work know how much you appreciate their dedication.

We thank the many volunteers who make the Fair a success!

Come to this year's Fair and enjoy the fruits of your tax dollars and see what America is all about.

Your Laramie County Commissioners,

Andy Kist

Deane Humphrey
