DEPARTMENT NDL – NEEDLEWORK

Superintendent: Donna Dolan and Anna Eggleston

Persons with disabilities and wishing special consideration may enter classes at the fair. The letter "T" should be added behind the class number on the entry form.

See front of book for entry date and time information.

1. All exhibitors will abide by all applicable rules and regulations of the Laramie County Fair.
2. All entries will be made directly on the entry form included in the back of this book. **Please type or print clearly.** Fill in form completely

and accurately. Please be sure the item is entered in correct category. Entries not listed on entry forms will not be accepted. The management will put forth every effort to ensure the safety of articles after their arrival, but in no case will it be responsible for loss or damage which may occur during the time of exhibition.

3. Applicants may enter **only one item in each class**. If entering a Senior Citizen class or Junior class, you may not enter the same item in another class in the same division. If an item is entered in more than one class, it will be disqualified.
4. Articles exhibited in this department must be the handiwork of the exhibitor and must have been completed within the last three years. If any article appears to be commercially made, it will be disqualified.
5. When making an article for competition, please be aware of certain rules: a) work should be cleaned, blocked (if applicable), knots and loose threads trimmed and completed; b) the larger portion of the item must be of the same class as entered (i.e.: to enter quilt division, largest portion of item must be quilted). Please remember that this is a competition, and items may be disqualified if above rules are not followed.
6. All articles will be judged on:
 - a) quality of work
 - b) amount of work in relation to use of article
 - c) suitability of design, color and line
 - d) originality of design

 701. Wearable Garment/Accessory; any type of clothing, hat scarf, pair of shoes or socks.
 702. Any item not listed (example: jewelry, purse, tote, eye/sunglass case, etc.)

SECTION 8-QUILTS**Premium Schedule B for Bed Size Quilts-Schedule A for smaller items**

Definition: A quilt must be constructed from fabric with a top piece and a back piece with batting in between the fabrics and must be quilted and bound.

Pre-Printed Panels: All entries that are a commercially preprinted and/or pre-quilted panel

should be entered in the Bedcover Division, Section 9. If you have pieced (consisting of more than just adding binding) a pre-printed panel into a quilt top that you have then quilted, it can be entered in the appropriate class in Section 8.

Names of all persons working on a quilt should be listed on card/entry form.

First time quilters must check in the First-Time Quilters box on the entry form to be eligible to compete for the First Time Quilters Award.

Quilt Size: Measure the length and width of your quilt, add these two numbers together. This is the figure you will use to determine which class to enter your quilt in. To help us enter your quilt in the correct class, **pin paper with the length and width written down and the class you would like to enter your quilt in. Please state if made by one person or if quilted by a second person.**

Mixed Media is a combination of two or more techniques. An example: appliqué and pieced work, or a combination of appliqué, beadwork, embroidery (machine or hand), and pieced work, etc.

Professional is one who teaches quilting for fees, makes a practice of selling labor/or completed works, or has been a previous Best of Show winner twice in the non-professional class.

The criteria for entering in a group quilt class whether to enter in the Professional or non-professional categories will be based on who constructed the top, if it is a mixture of both professional and non-professional categories. If a non-professional constructs the top but has it professionally quilted it should then be entered in the non-professional categories.

...Clearly Remarkable

Day in, day out, nature helps us make wastewater clean again.

Kelli Wilber, Frontier Refinery Chemical Engineer, compares untreated and post-treatment water samples

Various microbes digest impurities

The post-treatment contrast

Tiny minnows test water purity

It's nature and technology at its best. From afar, our water treatment plant looks fairly typical. Yet, after wastewater passes through a complex system of filters and scrubbers, hungry microbes go to work removing pollutants, oil, and other by-products from refinery water. Once these microscopic workhorses have digested remaining impurities, tiny minnows check the water's purity.

It's an impressive partnership with nature and a responsibility we take quite seriously – day after day, year after year.*

We're working hard to be a good neighbor.
